CORE COMPETENCIES

Technical Skills:

FlutterFlow, Kotlin, Python, SQL,
Java

Android Studio, Firebase

Software Development:

App UI/UX design, APIs

Database Integration, Automation

Data Skills:

Data Cleaning, Visualization

Python Libraries (Pandas,
Matplotlib)

Professional & Soft Skills:

Pitching & Presentation

Project Leadership, Team
Collaboration

Market Ideation, Product Strategy

EDUCATION

BCA – Bachelor of Computer Applications

Alliance University (2024–Present)

Focus: App Dev, Data Structures, Cloud

PROFESSIONAL SUMMARY

Motivated and entrepreneurial BCA undergraduate with strong technical and leadership skills demonstrated through multiple national-level competition wins. Proficient in Android development, UI/UX design, and data-driven problem solving. Proven ability to ideate, prototype, and deliver projects with real-world relevance. Passionate about building scalable digital solutions, leading cross-functional teams, and contributing to organizational growth in a fast-paced tech environment.

KEY PROJECTS

FestNest – Event Discovery Mobile App

FlutterFlow-based Mobile Application (In Development)

A centralized platform for college students to discover, register, and participate in inter-college competitions and fests.

- Designed Instagram-like scrollable UI for enhanced user engagement.
- Integrated Firebase for real-time database and event updates.
- Built admin features for event posting and QR community linking.
- Founded a WhatsApp community with 550+ members for pre-launch traction.

Value to Company: Demonstrates skills in app-building, UI design, database flow, and user acquisition strategy—all vital to startup culture or mobile development teams.

Queue Token App – Virtual Check-In System

Mobile Solution (Concept Stage)

A mobile solution intended to remove physical queue hassle using digital token booking for barbershops, clinics, etc.

Value to Company: Reflects initiative to solve real-world problems using tech-first approaches, with potential for commercial deployment in service-based industries.

Salary Data Analysis – Data Science Mini Project

Python (Pandas, Matplotlib, NumPy) & Jupyter Notebook

Performed end-to-end data analysis. Cleaned, wrangled, and visualized salary data to derive insights.

12th (PCMCs)

PES PU College, Bangalore (2022–2024)

10th Grade

Pandit Jawahar Lal Nehru Memorial School (2022)

INTERESTS

- Tech Entrepreneurship
- Mobile App Development
- UI/UX Design
- Stock Market & Finance
- Public Speaking & Branding

LANGUAGES

- English (Professional)
- Hindi (Native)
- Kannada (Regional)

Value to Company: Shows experience in exploratory data analysis, visualization, and actionable reporting—beneficial for roles in analytics, ML basics, or backend logic.

AWARDS & ACHIEVEMENTS

Recent Achievements

1st Place— Ideathon, Krupanidhi College | Nov 2024

1st Place— SharkTank, SSMRV College | May 2025

2nd Place— InnoThon, Amity University Bengaluru | May 2025

2nd Place — Startup Competition, Srushti Degree College | Mar 2025

2nd Place — Business Plan for Startup, Sindhi College | Nov 2024

3rd Prize — Product Launch, Sri Krishna Degree College | Apr 2025

Early Achievements

1st Place— Ideathon, Christ University | Sep 2023

1st Place— Personality Test, C.B. Bhandari Jain College

1st Place— Product Launch, KLE College | Dec 2023

1st Place — Science Exhibition, JSS Academy of Technical Edu | Jul 2022

1st Place— Product Launch, Adarsh College | Nov 2023

1st Place— Product Launch, PES PU College | Sep 2023

2nd Place— Product Launch, C.B. Bhandari Jain College

2nd Place— Science Exhibition, KLE College | Dec 2023

3rd Prize— Tech Exhibition, PES PU College | Sep 2023

How These Achievements Add Value:

- Demonstrates leadership and presentation abilities under competitive pressure.
- Experience pitching innovative tech ideas to expert judges.
- Shows initiative and consistency in building user-centered solutions.
- Reflects ability to collaborate well under tight deadlines.

POSITIONS OF RESPONSIBILITY

- **Founder**– FestNest App, EliteQueue, GoCartz
- **Team Member**– Valuanter (Student Leadership Program)
- **Participant**– IndiaWIE Ideathon, IIT Bombay (2024)
- **Event Organizer**– Internal Tech Fest at Alliance University
